

Seed Ranger Program is an initiative that aims at strengthening the communication, interaction and collaboration with the community! Through this program, we hope to spread creativity, technology, knowhow, experience through our community partners, aka. Seeed Rangers.

At the same time, Seeed Rangers can get engaged with the community local and international, online and offline; get access to the latest products from Seeed, to make new applications; get credits, and sometimes monetary rewards by participating in community discussions, events and commercial collaborated projects etc.!

First launched in May 2018, 10 out of the 20 passionate applicants from 14 countries & regions were selected to join the program. And the 10 Seeed Rangers participated in 3 community events, hosted 3 offline workshops about Wio LTE, shared 3 projects with detailed instructions on Seeed Project Hub.

With feedback from the pilot run of Seeed Ranger Program V1, we are now launching the Seeed Ranger Program V2. The upgraded program is expanding into a wider scope. Apart from using Seeed products, participating in events, hosting events, now Seeed Rangers can earn credits when participating in Seeed forum. What's more, Seeed Rangers can participate in commercial projects to gain experiences and earn a fair portion of the project budget at the same time.

# 1 What we are looking for in Seed Rangers?

# 2 What are **Seed Rangers** expected to do?

Engaging in  
Seed Forum

- Answer questions
- Initiate discussions
- Share know-how

- Post on social media
- Guest blogs on Seed blog

Organizing  
/Hosting

- Workshops
- Meetups
- Webinars
- Others

- Post on social media
- Guest blogs on Seed blog

Commercial  
Cooperation  
(With Payment)

- PCB design
- Proof of Concept
- 2D design
- Package design
- Others

**Deliverability**  
Quality & Time

**Deliverability**

Deliver  
Contents/Projects/Events  
as Expected.

# 3

## What are the benefits of **Seed Rangers** and how do they involve to gain the benefits?

Item	Benefits	How to apply?	How to evaluate the applications?	What to deliver?
0 <b>Free Products</b>	Free Seed products	We will provide some Seed products every month. We will post on Seed forum, and Rangers can apply for the products.	We will evaluate the application based on the proposed use of the products, your expertise, and previous projects etc.	(1) Within 1 month after receiving the products, Rangers should deliver one of the followings: - project on Seed project hub - a guest blog of product review on Seed blog - host a local meetup/workshop to introduce the product and write a guest blog recapping the meetup/workshop (2) Time & quality are the main factors for evaluation.
1 <b>Seed Swags</b>	Seed swags (T-shirt, stickers, pens, bags etc.)	We will send the swags to you at the second shipping.	n/a	n/a
2 <b>Events Participating/ Hosting</b>	Participate in/Host events (workshops, hackathons, trade shows etc.)	(1) Seed will share event info, and if you would like to participate, let us know. (2) If there are some local events you think Seed should participate in, let us know. (3) If you'd like to host events online or at your local community, let us know.	(1) Local Rangers will be given priority. (2) Technical expertise, familiarization of Seed, communication & presentation skills are considered.	(1) During events, share pictures/videos of the events at your social media & tag Seed. (2) Within 1 week after the event, write an event recap blog
3 <b>Credits &amp; Coupons</b>	Participate in Seed forum to earn credits which can be exchanged for Seed coupons.	Check Seed forum frequently and help answer questions or initiate discussions on the forum.	Each valid post will be given 1 credit, and each 100 credits will be awarded with Seed coupons (30~80USD) depending on the quality of the posts.	(1) answer tech support questions (2) share know-how (3) share expertise etc. (4) share your demo code etc.
4 <b>Commercial Collaborations</b>	participate in commercial projects to earn some extra money	It's like bounty hunting. We will share the info, including request, lead time and budget, and you can apply for it.	Local rangers are given priority. We will evaluate based on your expertise, previous delivery etc.	Deliver the expected outcome within the agreed timeline. The outcome depends on each project: might be a PoC, a PCB etc.

**Notes:** Becoming a Seed Ranger doesn't mean you have to participate in all of the above-mentioned activities. You can choose to involve in one or more which most align with your interests and expertises etc.

# Welcome to join Seed Ranger Program!

Welcome to join Seed Ranger Program! Click to [fill in this form](#). And we will evaluate and contact you for more details. And our main communication channel will be at Seed Forum. We have a sub-forum exclusively for Seed Rangers. We will add you to the forum after you pass the evaluation. If you have any inquiries about the Seed Ranger Program, please contact us at [branding@seed.cc](mailto:branding@seed.cc).
